

FOR IMMEDIATE RELEASE

## **Lynxspring Named to Ingram's Magazine's Corporate Report 100 for Fifth Consecutive Year**

**Lee's Summit, MO – August 11, 2014** – Lynxspring, Inc. today announced that it has been selected to Ingram's Magazine's annual Corporate Report 100 for 2014. This represents the fifth consecutive year the company has received this recognition and places it as one of only a handful of companies who have been selected five years running.

For 29 years, Ingram's, the leading Kansas City business magazine, has compiled the annual Corporate 100 to recognize the fastest locally headquartered companies in the Kansas City region. The editorial team researches and analyzes the collected data, deciding which 100 companies will be named. By being selected, Lynxspring is recognized for its continued accomplishments and healthy business growth.

"Lynxspring is thrilled to be recognized among the Ingram's Corporate Report 100 for the fifth straight year," says Terry Swope, President, and CEO. "It's exciting to think of our growth and we honor our dedicated staff and customers for their continued support in helping make this happen."
