LYNXSPRING®

Build America, Buy America

One Platform. Many Possibilities. ™

# Built in America. Ready for BABA Projects.

Federally funded infrastructure projects, including public buildings, now carry Build America, Buy America (BABA) requirements: manufactured products must be manufactured in the United States with more than 55% of component cost domestic (2 CFR Part 184). Lynxspring makes it simple to specify open, Niagara-native building controls that are built for these projects — and to get the documentation your project needs.

## Why Lynxspring for BABA-Funded Projects?

### ★Final Assembly in Lee's Summit, Missouri

JENEsys Edge® controllers are assembled, tested, labeled, loaded with software, and licensed at our Lee's Summit, MO facility.

### ★Open, Niagara-Native Platform

JENEsys Edge® controllers run the full Niagara 4 stack, are open NiCS, program with standard Niagara Workbench, and support BACnet IP, BACnet MS/TP, Modbus TCP/IP, and Modbus RTU.

### ★Government-Ready

On GSA Multiple Award Schedule 47QSWA23D007F, with products on GSA Advantage. Select JENEsys Edge® models satisfy GSA IT security testing requirements, and the **JENEsys Edge portfolio** is eligible for Federal RMF Accreditation.

### ★Niagara Expertise Since 2002

An early Niagara Framework® adopter, authorized Tridium OEM partner, and Niagara Certification Training Center, with in-house Niagara-certified technical support and application engineering.

## BABA-Ready Product Highlights

### JENEsys Edge® 634

**Programmable Niagara Controller**

Model JENE-EG634-N4 *satisfies GSA IT security testing requirements*.

✓ **Made in the USA**

✓ **BABA-Compliant**

### JENEsys Edge® Controllers

**414 · 434 · 514 · 534 · 534 4G LTE · 534 with Monnit · VAV**

Niagara 4 programmable controllers for equipment and small-building control.

✓ **Made in the USA**

✓ **BABA-Compliant**

### Onyxx® XM Extender Modules

**XM 14IO · XM 34IO · XM 34IO-B** *(BACnet)*

Add I/O to **JENEsys Edge®** controllers to maximize licensed points.

✓ **Made in the USA**

✓ **BABA-Compliant**

### Onyxx® Wall Module (OWM)

**ONYXX-WM-T-RH** *(black or white)*

Full-touch temperature/humidity wall sensor engineered for **JENEsys Edge®**.

✓ **Made in the USA**

✓ **BABA-Compliant**

## What BABA Means for Your Project

### ★ Where it Applies

Federal financial assistance for infrastructure projects — including public buildings and real property (2 CFR 184.4).

### ★ Who it Reaches

BABA terms flow down from the award to sub-awards, contracts, and purchase orders, so contractors and suppliers are part of the chain (2 CFR 184.4(b)).

### ★ The Test for Controls

A manufactured product must be manufactured in the U.S. and have more than 55% of its component cost from U.S. sources (2 CFR 184.3).

### ★ The Paperwork

Recipients keep supplier certifications in the project file. **Lynxspring provides a project-specific BABA letter on request**.

## Built for Everyone on the Project Team

### ★Contractors

Bid with confidence: request a project-specific BABA letter for your submittals and compliance file.

### ★Engineers & Specifiers

Specify open, Niagara-native controllers. Guide specifications *(**Division 25** Enterprise Integrated Facility Management and Control System)* are available on Resources Partner Portal.

### ★System Integrators

Program with standard Niagara Workbench, use open NiCS licensing, and extend I/O with Onyxx® XM modules. JENEsys Edge® technical training is available.

### ★Owners & Agencies

Buy through GSA MAS 47QSWA23D007F and avoid vendor lock-in with an open platform that grows with your buildings.

## Specify with Confidence in Three Steps

### 1 Specify

Choose JENEsys Edge® controllers and Onyxx® modules for your BABA-funded building or infrastructure project.

### 2 Request Your Letter

Send us the project name, awarding agency, part numbers, and quantities.

### 3 Submit with Confidence

Receive a project-specific BABA letter from Lynxspring for your compliance file.

## Request a Project-Specific BABA Letter

Email: **sales@lynxspring.com** • Call: **(816) 347-3500** • Visit: **lynxspring.com**

*Our team will confirm the right products for your project and provide the documentation your contract or grants officer requires.*

*Project-specific BABA compliance letters are provided on request; product eligibility is confirmed per project and part number. This brief is marketing information, not a compliance certification.*

*To see our other applicable certifications, visit: **Agency Listings & Certifications***
